- 2) Bidder must do the enrollment in the eProcurement site using the “Click here to Enroll” option available on the home page. Portal enrollment is generally free of charge. During enrollment/registration, the bidders shall provide the correct/true information including valid email-id. All the correspondence shall be made directly with the contractors/bidders through email id provided.
  
- 3) Bidder need to login to the site through their user ID/ password chosen during enrollment/registration.
  
- 4) Then the Digital Signature Certificate (Class II or Class III Certificates with signing key usage) issued by SIFY/TCS/nCode/eMudra or any Certifying Authority recognized by CCA India on eToken/Smart Card, must be registered.
  
- 5) The DSC that is registered only shall be used by the bidder and shall ensure safety of the same.
  
- 6) Contractor/Bidder may go through the tenders published on the site and download the required tender documents/schedules for the tenders he/she is interested.
  
- 7) After downloading / getting the tender document/schedules, the Bidder must go through them carefully and then submit the documents as asked, otherwise bid shall be rejected.
  
- 8) If there are any clarifications, this may be obtained online through the tender site, or through the contact details. Bidder shall take into account the corrigendum published before submitting the bids online.

9) Bidder then logs in to the site through the secured log in by giving the user id/ password chosen during enrolment/registration and then by giving the password of the eToken/Smart Card to access DSC.

10) Bidder selects the tender which he/she is interested in by using the search option & then moves it to the 'my tenders' folder.

11) From my tender folder, he selects the tender to view all the details indicated.

12) It is construed that the bidder has read all the terms and conditions before submitting their offer. Bidder shall go through the tender schedules carefully and upload the documents as asked; otherwise, the bid shall be rejected.

13) Bidder, in advance, must get ready the bid documents to be submitted as indicated in the tender document/schedule and generally, they may be in PDF/xls/rar/zip/dwf formats. If there is more than one document, they may be clubbed together and may be provided in the requested format. Each document to be uploaded through online for the tenders must be less than 2 MB. If any document is more than 2MB, it may be reduced through zip/rar and the same may be uploaded, if permitted. Bidders Bid documents may be scanned with 100 dpi with black and white option. However of the file size is less than 1 MB the transaction uploading time may be very fast.

14) If there are any clarifications, this may be obtained through the site, or during the pre-bid meeting if any. Bidder shall take into account the corrigendum published from time to time before submitting the online bids.

15) The Bidders may update well in advance, the documents such as certificates, annual report details etc., under My Space option and these may be selected as per tender requirements and then send along with bid documents during bid submission. This shall facilitate the bid submission process faster by reducing upload time of bids.

16) Bidder should submit the Tender Fee/ EMD as specified in the tender. The original must be posted/couriered/given in person to the Tender Inviting Authority, within the bid submission due date & time for the tender. Scanned copy of the instrument must be uploaded as part of the offer.

17) While submitting the bids online, the bidder reads the terms & conditions and accepts the same to proceed further to submit the bid packets.

18) The bidder has to select the payment option as offline to pay the Tender FEE/ EMD as applicable and enter details of the instruments.

19) The details of the DD/any other accepted instrument, physically sent, must tally with the details available in the scanned copy and the data entered during bid submission time. Otherwise submitted bid shall not be acceptable.

20) The bidder has to digitally sign and upload the required bid documents one by one as indicated. Bidders to note that the very act of using DSC for downloading the bids and uploading their offers shall be deemed to be a confirmation that they have read all sections and pages of the bid document including General conditions of contract without any exception and have understood the entire document and are clear about the requirements of the tender requirements.

21) The bidder has to upload the relevant files required as indicated in the cover content. In case of any irrelevant files, the bid shall be rejected.

22) If the price bid format is provided in a spread sheet file like PDF\_xxxx.xls, the rates offered must be entered in the allotted space only and uploaded after filling the relevant columns. The Price Bid/PDF template must not be modified/replaced by the bidder, else the bid submitted is liable to be rejected for this tender.

23) The bidders are requested to submit the bids through online e-tendering system to the Tender Inviting Authority(TIA) well before the bid submission end date & time (as per Server System Clock). The TIA shall not be held responsible for any sort of delay or the difficulties faced during the submission of bids online by the bidders at the eleventh hour.

24) After the bid submission (i.e. after Clicking “Freeze Bid Submission” in the portal), the acknowledgement number, given by the system must be printed by the bidder and kept as a record of evidence for online submission of bid for the particular tender and shall also act as an entry pass to participate in the bid opening date.

25) The time settings fixed in the server side & displayed at the top of the tender site, shall be valid for all actions of requesting, bid submission, bid opening etc., in the e-tender system. The bidders must follow this time during bid submission.

26) All the data being entered by the bidders shall be encrypted using PKI encryption techniques to ensure the secrecy of the data. The data entered shall not viewable by unauthorized persons during bid submission & not be viewable by any one until the time of bid opening.

27) Any bid document that is uploaded to the server is subjected to symmetric encryption using a system generated symmetric key. Further this key is subjected to asymmetric encryption using buyers/bid openers public keys. Overall, the uploaded tender documents become readable only after the tender opening by the authorized bid openers.

28) The confidentiality of the bids is maintained since the secured Socket Layer 128 bit encryption technology is used. Data storage encryption of sensitive fields is done.

29) The bidder shall logout of the tendering system using the normal logout option available at the top right hand corner and not by selecting the (X) exit option in the browser.
